

The new aesthetic in ceiling solutions

A walkthrough of Anutone's newlook website

On the 50th edition of e-design, Anutone launches new look website!

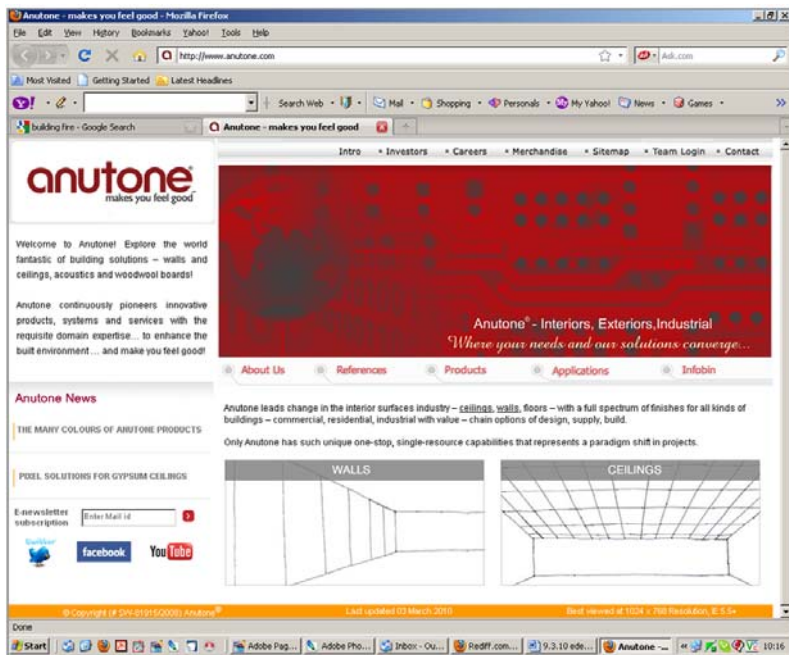

When less is more!

Less features, less menus, less keys to click, less time to reach destination! A simpler interface that is more user-friendly and needs minimal navigation.

The home page primarily features walls and ceilings with current news and other divisions on the left and corporate links on the top. Now enter walls or ceilings.

Both walls and ceilings feature a sub-home page with many options to view the vast product portfolio by product type or surface finish or core material or legacy names or simply the alpha index!

The newlook website is based on your views received over time. At Anutone, we continuously improve to make things better and make you feel good.

Anutone Walls & Ceilings loops e-design every Tuesday morning. If you have missed previous issues please visit www.anutone.com/infobin/edesign.html or contact a Anutone rep.
