

Anutone's New Avatar!

It is the year of avatars!

2010-2019
The Decade
of Hope

It's Anutone Walls & Ceilings now

The new year 2010 and the new decade 2010-2019 has started with many promises, building on the fulfilling experiences of 2009 and the last decade. It's been an enduring journey at Anutone which has been iconising 'interior' experiences for discerning space users with a new genre of walls and ceilings - products, systems and services.

The widespread excitement brought in with this new genre of feel-good experiences has reckoned Anutone's Interiors division as primarily a walls and ceilings enterprise. Keeping in line with this excitement, Anutone Interiors is, henceforth, called Anutone Walls & Ceilings (a division of Anutone Acoustics Limited). A trusted commitment to serve its patrons with its new forte: walls and ceilings! Get ready for the new year and the new decade for a whole set of new experiences from Anutone!

It's e-design now

The weekly 'edutaining' e-news from Anutone has generated overwhelming response across the business value chain. It is time for us to brand the Anutone e-newsletters and what better name than 'e-design'! Our Tuesday e-news has become an online encyclopaedia of space design nuances for the built environment especially walls and ceilings for commercial interiors. Valuing the experience and the excitement it has generated, Anutone's e-newsletters will, henceforth, be called e-design.

Anutone thus lives up to the expectations of its patron community for *designing* world-class architectural experiences. Hence *e-design*. Every Tuesday, as before, but with greater focus on design and build of walls and ceilings for commercial interiors.
