## Future of Interior Finishes Unveiled!

Anutone's Experience Centre – the first of its kind in India – opened in Bengaluru, India's Silicon Valley, where you meet the future of interior finishes with the latest concepts, from Anutone's winning portfolio of Walls and Ceilings.

On display are Anutone's next-gen, wall and ceiling systems. Consultants, architects, designers, contractors and end-users can come, look at, feel, understand and take informed decisions. Nothing like first-hand, nothing like the actual!

Stretched ceilings on t-grids; white ceilings – one system many finishes; hanging baffles; painted and papered walls that are quieter!; 1200x2400mm fabric panels impaled to walls; metal walls ... you have them all! State-of-the-art systems with irresistible 'eco-logics'!

Anutone Experience Centre (AEC) is the first bold experiment in the realm of actual-size wall and ceiling finishing systems that simulate site conditions. Anutone plans to deploy similar AECs across key metros.
