

Belgravia Pixel

for open-plan offices

Belgravia Pixel is a microperf gypsum tile with a steppe edge. It is installed on Skelet U15 suspension system for a warm, plaster look in open-plan office ceilings. Belgravia tiles are pre-painted white and easy to install.

Belgravia Pixel enables employees to feel serene and perform to their potential.

Pixel is a very special microperf just 3mm square at 8mm centres precisely cut for laser alignment. Belgravia belongs to Anutone's Snazz family of plaster-based systems and is in association with Danogips of Denmark.

Form
