

Mat Smery

for telepresence rooms

Mat Smery is a paintable fine-textured ceiling tile with steppe edge. It is installed on Skelet U15 suspension system. Almost any colour in any shade can be factory-painted on the textured surface.

Mat Smery fulfils the precise audio-visual needs of telepresence rooms where ceilings need to have the correct colour that aid lighting and ensure life-like images on remote screens. Ceilings also need to be acoustic to support the ultra-sensitive mics.

Mat Smery belongs to Anutone's family of texture-based ceiling solutions.

Form

| | |
|-----------------------|------------|
| Surface finish | Texture |
| Ceiling type | Grid |
| System name | Mat Smery |
| Size (mm) | 600x600x15 |
| Edge | Steppe 15 |
| Suspension | Skelet U15 |

Function

| | |
|-----------------------------------|-----|
| Weight (kgs/m²) | 9 |
| FR | 1/A |
| LR (%) | 80 |
| NRC | 0.7 |
| RH | 90 |
| TC (u) | 0.1 |
