

# Subtex Pebble

## for boardrooms

Subtex Pebble is a lightweight, smooth-textured ceiling tile with a steppe edge. It is installed on Skelet T15 suspension system with Skelet Infinity or Screenline perimeter trims to create Carnival Floats.

Subtex has high light reflectance and sound absorption plus its compatibility with Skelet Infinity and Screenline range ensures ceiling islands to suit boardroom modules that make dramatic statements to interiors.

Subtex belongs to Anutone's family of texture-based ceiling solutions.
