

Smery Sybil

for telepresence rooms

Smery Sybil is a paintable fine-textured ceiling tile with steppe edge. It is installed on Skelet U15 suspension system. Almost any colour in any shade can be factory-painted on the textured surface.

Smery fulfils the precise audio-visual needs of telepresence rooms where ceilings need to have the correct colour that aid lighting and ensure life-like images on remote screens. Ceilings also need to be acoustic to support the ultra-sensitive mics.

Smery belongs to Anutone's family of texture-based ceiling solutions.

Form

Surface finish	Texture
Ceiling type	Grid
System name	Smery Sybil
Size (mm)	600x600x15
Edge	Steppe 15
Suspension	Skelet U15

Function

Weight (kgs/m²)	9
FR	1/A
LR (%)	80
NRC	0.7
RH	90
TC (u)	0.1

Cost

€€€
