

UPDATES 3/3

# Solutions for wood ceilings - what's new?

The mantra at Anutone is architectural spaces must look good *and* sound great. We enjoy contradicting the popular notion, 'Blind Acousticians, Deaf Architects'. We firmly believe that optimal acoustics can be delivered with stunning aesthetics and vice versa - striking visuals *can* sound great. Here are Salon updates that are testimony!

Salon wood walls & ceilings - Slats & Slits

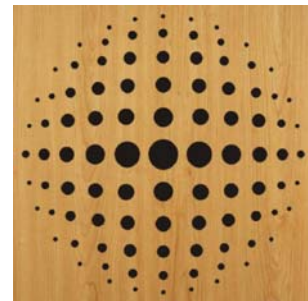

## The Salon Spots makeover

New perf patterns, microperf ...

**Sfera and Cosmos** - Anutone launches two new designer perforation patterns. Sfera imparts an illusion of convexity. Cosmos with random perforations of differential diameters is a delight to the architect and acoustician.

**Microperf** - 3mm at 16mm - Anutone pushes the envelope to the limits of wood engineering with 3mm perforations in HD FR fibreboard.

To know more download Spots brochure or visit [www.anutone.com/woods.htm](http://www.anutone.com/woods.htm)

New perf pattern - Sfera

## The Salon Slats makeover

Slats for curves, new lineal perf, nonperf, new colours ...

**Slim Slats** - Slats now comes in two new widths 160mm and 128mm to make it very flexible for curved ceilings apart from regular flat ceilings.

**Wide Slats** - Apart from 16mm and 32mm lineal grooves there is a new economical 64mm groove for wider bands of melamine or veneer.

**Slim Diffuse** - Also new is Slats Diffuse with only lineal grooves on the surface and no perf or fleece on reverse when sound absorption is not the criteria. Slats Diffuse visually blends with Slats as the surface looks exactly the same.

**Colour Slats** - Introducing Slats in colours, not just wood finishes. Colour slats is available in two styles - core pigmented fibreboard grooved and supplied, and normal fibreboard with surface coating after grooving.

## Idealight in Salon wood ceilings

Integrating matching luminaries with Salon wood ceilings has been a dilemma. Not anymore! Anutone introduces power-saving downlights with melamine or veneer trims that match your choice of Salon ceilings whether Spots, Slits or Slats.
